LOGISTICAL STRATEGIES IN THE ORGANISATION OF THE PILGRIMAGE

1. Introduction

Mr Mamadou Birane MBODJI
CEO Expert Logistics International

The pilgrimage to Makkah has become nowadays a worldwide event that gathers millions of people, in one place, in the same period of time. This event surpasses the predictions done by the Makkan authorities despite the obligation for each country to respect quotas. Two billion Muslims dream of participating in this sacred pilgrimage and are willing to give up everything for it. In such a context expertise in logistics has become a must. This will guarantee the pilgrimage's success by implementing excellent security measures.

1. Problematic

Due to the sharp increase of pilgrims foreseen in the near future, it is necessary to work with all the people involved in the organizing of the pilgrimage. This is emphasized by some security problems that were observed therefore all parties must unify their strengths to make it successful.

We will use a fair and comprehensive diagnostic of the pilgrimage organization in order to respond to the requirements of quality, cost and security. We will then offer immediate solutions that will be adapted to the current context. In this context, the Expert Logistics International consulting firm is inviting all actors to intervene in the handling of this worldwide event and to implement the best logistical strategies for the pilgrims of Senegal and the 150 countries represented in Makkah.

The first edition of this international seminar will be held in Dakar. It aims to gather the best strategies and allow the implementation of the solutions. The following points will be discussed:

- ⇒ How to manage and organize pilgrims during the different phases of the pilgrimage?
- ⇒ How to prospect and recruit pilgrims?
- ➤ What are the rites that are the fundamental core of the pilgrimage?
- → How to provide security to the pilgrims during the pilgrimage?
- What are the things to adopt in case of a minor or major accident?
- → How to analyze and share the information with pilgrims, their families, the organizers and the different institutions?
- → How to take care of the management, training and security of the pilgrims and their belongings before, during and after the pilgrimage?

2. Who is this for?

This international seminar has one major goal:

- the travel and tourism agencies;
- the airline companies and governmental air agencies;
- The Financial Institutions:
- → Police and the armies both civilian and customs;
- the foreign affair administrations of the different countries;
- the kingdom of Saudi Arabia;
- ⇒ the associations; NGOs and leading religious families of the countries;
- the journalists and press houses;
- the experts and service providers that intervene during the organization of the pilgrimage?

3. Logistics Guide of the 2016 pilgrimage

At the end of this seminar, a **LOGISTICS GUIDE FOR THE 2016 PILGRIMAGE** will be submitted to the participants (both public and private. That will serve as a reference permitting to lay the pathway to the proper organization of the pilgrimage.

EXPERT LOGISTICS INTERNATIONAL

EXPERT LOGISTICS INTERNATIONAL

OUR RESSOURCES HUMAINES

EXPERT LOGISTICS INTERNATIONAL has a pool of experts and consultants that have between 10 to 30 years of experience in the training and practice of logistics, supply chain, international trade, economic intelligence, audit, transports, IT, Statistics, Law and Project Management. Our experts and consultants have worked with institutions such as:

- International Bodies among which the European Union, the World Bank, ASECNA, UEMOA, the United Nations ...
- National and international enterprises both commercial and industrial
- Universities and Institutions of higher learning

OUR SERVICES

8 areas of expertise all geared to help you:

- $\overline{\mathbf{Q}}$ Training, Live seminars, E-Learning
- ✓ Projects : studies, planification, evaluation
- **Transport, Logistics, Supply Chain**
- **International Trade, Customs and Transit** $\overline{\mathbf{A}}$
- IT: Softwares, WebSites, Infographics, E-Marketing
- Contracts: Conseils, good execution planning, Dealing with contentious issues \square
- **Economic Intelligence, market study**

OUR SEMINARS

- 1. LOGISTICAL STRATEGIES FOR THE ORGANISATION AND MANAGEMENT OF PILGRIMAGES TO MAKKAH
- 2. GESTION AND EXPLOITATION OF A TRAVEL AND TOURISM AGENCY
- 3. MANAGEMENT OF CONTRATS: WRITING, FOLLOWING UP AND MANAGEMENT OF DISPUTES
- 4. TECHNIQUES OF MANAGEMENT OF TENDERS BOTH NATIONALLY AND INTERNATIONALLY
- 5. MANAGEMENT DU TRANSPORT AÉRIEN: RÈGLEMENTATION, EXPLOITATION, ACTEURS, MARKETING, SECURITY AND SAFETY
- MANAGEMENT OF SEA TRANSPORT: REGULATION, EXPLOITATION, STAKE HOLDERS, MARKETING, SECURITY
- 7. STRATEGIES OF OPTIMIZATION OF THE EXPENSES AND PLANIFICATION OF ACTIVITIES WITHIN COMPANIES
- 8. AUDIT OF LOGISTICS AND OPTIMIZATION TECHNIQUES
- 9. TECHNIQUES OF MANAGEMENT AND EXPLOITATION OF TRANSPORTS
- 10. MANAGEMENT AND OPTIMIZATION OF STOCKS AND WAREHOUSES
- 11. TECHNIQUES OF PLANIFICATION, FOLLOWING UP AND EVALUATION DES PROJETS
- 12. TECHNIQUES FOR FOUNDING AND MANAGING COMPANIES
- 13. TECHNIQUES FOR THE WRITING OF PROJECTS.
